## REPORT OF THE SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Wentworth:

I take pleasure in presenting my first annual report as superintendent of the schools of Wentworth.

During the year 1926-1927 the total enrollment was 86. The schools were in session an average of 175 out of a possible 180 days. The per cent of attendance was 97.4, quite a little higher than the average for the whole state, which was 94.5%. In order to keep up this fine record, and as the child, when absent, is always a loser, parents are urged to have their children, unless sick, present at every session.

This year the enrollment so far has been 83. As may be seen the schools are about the same size as last year and are, therefore, fulfilling the same need in the community.

The teachers for the present year are as follows: Village Grammar, Alice Bewley; Village Primary, Natalie Merrill; Buffalo, cadet from Plymouth Normal School; Atwell Hill, Catharine Alger; Foster, Mrs. Hubert Walker.

Following the established custom Miss Underhill, the school nurse, has continued to look after the health of the pupils. The registers show 33 school visits were made last year. An earnest endeavor upon the part of the parents to co-operate with the school by maintaining healthful conditions in the home will bring lasting benefit to the children.

I am pleased to report that the Foster school has been reshungled, and that both the Foster and village schools have been painted on the inside. Painting

not only improves the appearance of the rooms but improves the lighting and acts as a disinfectant against disease. Because of the crowded condition in the village school there are two things very much needed, electric lights and chemical toilets. The small outlay for the toilets would be more than justified in the healthful condition produced. At the present time it is almost impossible to keep the toilets in anything like a sanitary condition.

I wish to call especial attention to the rather large proportion of the grammar school graduates of Wentworth who are attending high school. It is my firm belief that every boy and girl who finishes the grammar school should pursue with earnestness the high school course, and that the time so spent will prove a valuable investment.

Respectfully submitted

EDWARD A. JANES,  
Superintendent.
